

WHAT DO I NEED TO KNOW ABOUT LIFELINE?

Lifeline is an assistance program that provides discounts to help income-eligible consumers stay connected and save money on their phone bills. Key provisions of the program include:

Eligibility:

Lifeline is only available to qualifying low income customers. See inside for information about eligibility requirements.

One Discount:

Eligible customers may only receive one Lifeline discount service at a time; the discount can be applied to either landline or wireless service but not both.

In addition, only one Lifeline discount is available per household. "Household" is defined as any individual or group of individuals who live together at the same address.

Recertification:

Lifeline subscribers must recertify annually that they are eligible to participate in the program and that they and their household only receive one Lifeline discount. Lifeline enrollees are obligated to respond to recertification requests: customers who fail to recertify will be de-enrolled from the program.

HOW DOES LIFELINE WORK?

Qualifying consumers can apply for Lifeline to receive a monthly discount on either their landline telephone service or their wireless service. Lifeline benefits include:

- Additional discounts may also apply.

Total savings and benefits will vary depending on your telecommunications company.

WHAT IS TRIBAL LANDS LIFELINE?

Residents of federally-recognized tribal lands may be eligible for additional Lifeline benefits, as well as a discount on initial activation of telephone service.

Enhanced Support: This program provides additional discounts on telephone service for qualified income-eligible consumers living on rural Tribal lands. Consumers will only be able to use the enhanced Lifeline support with service providers that build and maintain their own networks.

Link Up: The Link Up program provides a reimbursement of up to \$100 on the initial installation or activation of telephone service at a customer's primary residence.
