

Field Operations Evaluator – Mechanical Training | Buffalo, NY

National Fuel is currently seeking an **Operations Training Coordinator** for an outstanding career opportunity in the **Mechanical** department located at our Operations hub in West Seneca, NY. This position is well suited for candidates with a strong mechanical background who enjoy working hands-on with field operations, assessing employees as they complete hands-on and written Operator Qualification evaluations, and helping employees build and maintain the qualifications needed to work safely and effectively.

National Fuel is proud to have an inclusive workplace where hard work is rewarded and promotion from within is supported. We offer exciting career opportunities for talented and ambitious job seekers and encourage you to apply today.

PRIMARY RESPONSIBILITIES:

- Evaluate National Fuel employees and contractors as they complete hands-on Operator Qualification tasks, with a focus on mechanical work practices, safe field performance, and compliance with National Fuel’s OQ Program
- Use mechanical and operational knowledge to assess skill proficiency, identify coaching opportunities, and provide clear, constructive feedback to employees and field leadership
- Support training activities in classroom, lab, and field settings, including demonstrating proper techniques, answering technical questions, and reinforcing safe work practices
- Develop, maintain, and update testing equipment, training materials, and exam content to ensure alignment with operational needs and National Fuel’s OQ Written Plan
- Perform field assessments and partner with local field supervisors and managers to provide support, feedback, and follow-up related to employee qualifications and field readiness
- Set up and break down testing materials and stations and provide general support for field qualification activities

MINIMUM QUALIFICATIONS:

- Associate’s degree and a few years of supervisory experience and/or field operations experience
- Current Operator Qualification, or willingness and ability to become fully Operator Qualified in accordance with National Fuel’s OQ standards
- Strong mechanical aptitude and ability to understand hands-on operational work practices
- Strong attention to detail and effective verbal communication/public speaking skills
- Proficiency with Microsoft Word and PowerPoint
- Ability to work in both field and office settings and develop a thorough understanding of Operations Department practices
- Ability to travel to remote operating offices as needed, including occasional overnight stays

PREFERRED QUALIFICATIONS:

- Prior experience in an operational capacity with related qualifications within the natural gas industry
- Experience in technical instruction, within classroom, lab, and/or field settings
- Candidates with mechanical experience in utilities, construction, HVAC, automotive/diesel, industrial maintenance, manufacturing, or similar hands-on technical environments are encouraged to apply

ABOUT NATIONAL FUEL:

National Fuel is a diversified energy company headquartered near Buffalo, NY. Our employees continue to be the most important part of our Company and have made us who we are today. We are dedicated to the communities in which we live and work and have nearly 2,000 employees in Western NY and Northwest PA.

COMPENSATION AND BENEFITS:

The base salary range for this position is \$62,500 – \$67,000.

This job posting contains a pay range, which represents the range of pay that National Fuel believes, in good faith, at the time of this posting that it might be willing to pay for the posted job. The specific base pay offered to a successful applicant will be based primarily on relevant professional experience. Other components that may be considered include: individual qualifications, licensures, industry specific experience, education and market demands for specialized skills. The pay range is subject to change at any time based on various internal and external factors. Exempt positions will also be eligible for an Annual Cash Bonus Plan.

National Fuel offers a comprehensive benefits package including the following:

- | | |
