

Resume 1032

OBJECTIVE:

Compassionate and dependable healthcare professional seeking a role as a Personal Care Aide, CNA, or Med Tech where strong patient care skills, clinical experience, and leadership abilities can support quality care and smooth daily operations.

SUMMARY OF QUALIFICATION:

- Several years of experience in personal care, medication administration, CNA work, and facility support across home care, senior living, travel assignments, and hospital environments.
- Skilled in assisting patients with ADLs, monitoring vital signs, documenting care, and responding to resident or patient needs with professionalism and empathy.
- Experienced med tech with proven ability to administer medications, follow strict safety protocols, and supervise other caregivers during shift operations.
- Background working in busy hospital units, providing support to nursing staff and ensuring high standards of care and cleanliness.
- Strong communication skills with patients, families, and clinical teams; able to adapt quickly to new environments and changing care situations.
- Reliable, detail-oriented, and known for maintaining patient dignity, comfort, and a safe living environment.

PROFESSIONAL EXPERIENCE:

04/2026 – Present **PCA**

Health Force WNY, Buffalo, NY

- Provide in-home personal care including bathing, grooming, mobility support, meal preparation, and household assistance to promote client independence and safety.
- Monitor client condition and report changes promptly to supervisors and nursing staff to ensure continuity of care.
- Maintain a clean, organized, and safe home environment while offering companionship and emotional support.

04/2020 – 11/2025 **Travelling CNA**

Mas, Fayetteville, NC

- Traveled to multiple facilities to support staffing needs, adapting quickly to new teams, routines, and patient populations.
- Assisted patients with ADLs, vital signs, mobility, toileting, and basic clinical tasks under direction of nursing staff.
- Documented patient care accurately and followed facility protocols across various skilled nursing and long-term care environments.

10/2017 – 03/2020 **Med Tech. / Supervisor**

Fox Hollow, Sanford, NC

- Administered medications according to facility policy, MAR documentation, and safety standards.
- Oversaw personal care staff during shifts, delegated resident care tasks, and ensured completion of daily routines.
- Responded to resident concerns, monitored condition changes, & communicated effectively with nurses & management.
- Assisted with ADLs, wound care support, and maintaining a safe and comfortable living environment for residents.

04/2016 – 09/2017 **Lead Personal Care Aide**

Schofield Home Care Agency, Kenmore, NY

- Provided personal care services to clients in their homes, supporting hygiene, mobility, dietary needs, and general well-being.
- Served as a lead aide, helping train and support new PCAs, offering guidance on best practices and care standards.
- Coordinated with care managers to ensure individualized care plans were followed and updated when needed.

06/2004 – 09/2017 **Nursing Assistant**

Kenmore Mercy Hospital, Buffalo, NY

- Supported nurses in a hospital environment, assisting with vital signs, patient transport, charting, & bedside care.
- Helped maintain patient rooms, stocked supplies, and ensured infection control procedures were followed.
- Provided compassionate care to patients during admissions, discharges, and procedures, helping maintain comfort and communication.
