

Resume 1041

OBJECTIVE:

Skilled CNC Machinist and Automotive Technician with over 7 years of experience in precision machining, equipment maintenance, and automotive repair. Proven track-record of maintaining high quality standards, ensuring efficient production, and solving complex mechanical issues. Seeking a challenging position to leverage technical expertise and contribute to a dynamic team.

SUMMARY OF QUALIFICATIONS:

- Proficient in operating and programming CNC machines (e.g., lathes, mills) for precise manufacturing.
- Experienced in reading and interpreting blueprints, schematics, and CAD drawings.
- Skilled in using calipers, micrometers, gauges, and other measurement tools.
- Strong knowledge of vehicle diagnostics, maintenance, and repair.
- Dedicated employee, detail-oriented, and learns new systems quickly
- Well organized, strong communications, and math skills
- Multi-tasks efficiently, learns new systems quickly, and completes all duties on-time or ahead of deadlines
- Works well independently or in a team environment

PROFESSIONAL EXPERIENCE:

2022 – 2024 ***CNC Machinist***

Riley Gear Corp., North Tonawanda, NY

- Program, set up, and operate CNC machines, including lathes and mills, to produce high-quality parts for industrial clients.
- Perform precision measurements and quality checks on parts to ensure adherence to specifications.
- Collaborate with engineering teams to review designs and recommend improvements for manufacturability.
- Maintain machinery and troubleshoot minor issues, reducing downtime and ensuring smooth production flow.

2020– 2022 ***Automotive Technician***

Cleve Hill Auto, Cheektowaga, NY

- Conducted diagnostics, repairs, and maintenance on a variety of vehicle makes and models.
- Utilized diagnostic tools and computer systems to identify and resolve mechanical and electrical issues.
- Performed inspections and recommended preventive maintenance to customers to ensure vehicle safety and longevity.
- Managed inventory of parts and tools, ensuring efficient workflow and timely repairs.

2018– 2020 ***CNC Machinist***

RUS Industries, Niagara Falls, NY

- Operated CNC machines to produce automotive components, ensuring adherence to tight tolerances and client specifications.
- Performed routine maintenance on machines to extend equipment life and minimize production delays.
- Analyzed blueprints and CAD models to determine production requirements and setup needs.
- Documented production processes and adjustments, contributing to consistent quality control.

EDUCATION and TRAINING:

CNC Machining Certificate

Erie County Community College, Williamsville, NY
