PROFESSIONAL EXPERIENCE

11/2011 – 06/2024 **Commercial Roofer** Centimark Corp., West Seneca, NY
03/2000 – 11/2011 **Roofer / Laborer** WNY General Contractors, Depew, NY

SKILLED WORK TASKS:

- Remove snow, water, or debris from roofs prior to applying roofing materials.
- Set up scaffolding, ladders, and lifts to provide safe access to roofs.
- Remove old roofing materials and carry new materials up ladders.
- Unload materials and tools from work trucks, and unroll roofing as directed.
- Provide assistance to skilled roofers installing and repairing roofs, flashings, and surfaces.
- Attach roofing paper and composition shingles, using nails.
- Apply alternate layers of hot asphalt or tar and roofing paper to roofs.
- Install vapor barriers or layers of insulation on flat roofs.
- Apply gravel or pebbles over top layers of roofs, using rakes or stiff-bristled brooms.
- Installed structures or fixtures, such as windows, frames, floorings, trim, or hardware, using hand or power tools.
- Perform building weatherization tasks, such as repairing windows, adding insulation, or applying weather-stripping materials.
- Attach roofing paper to roofs in overlapping strips to form bases for other materials.
- Cover roofs or exterior walls of structures with slate, asphalt, aluminum, wood, gravel, gypsum, or related materials, using brushes, knives, punches, hammers, or other tools.
- Waterproof or damp-proof walls, floors, roofs, foundations, or basements by painting or spraying surfaces with waterproof coatings or by attaching waterproofing membranes to surfaces.
- Apply reflective roof coatings, such as special paints or single-ply roofing sheets, to existing roofs to reduce solar heat absorption.
- Smooth rough spots to prepare surfaces for waterproofing, using hammers, chisels, or rubbing bricks.
- Install skylights on roofs to increase natural light inside structures or to reduce energy costs.
- Clear drains and downspouts and clean gutters.
- Follow instructions, or specifications to determine work activities.
