PROFESSIONAL EXPERIENCE:

02/25 – 05/25

Bagging Operator

HWI, Niagara Falls, NY

- Operated and maintained automated bagging machines, ensuring accurate packaging of materials while meeting daily production targets.
- Conducted quality control checks on packaged products, verifying proper seals, weights, and label accuracy.
- Performed routine preventative maintenance and cleaning of bagging equipment to minimize downtime.
- Collaborated with team members to troubleshoot equipment issues, reducing production delays.
- Adhered to safety protocols, including GMP and OSHA guidelines, maintaining a clean and organized work area.
- Documented production metrics and batch records accurately to support inventory and quality control processes.

06/23 – 07/24

Machine Operator

General Motors, Lockport, NY

- Operated and monitored machinery to produce automotive components to precise specifications.
- Performed die changes, tooling adjustments, and machine set-ups for efficient production runs.
- Conducted quality checks using calipers, micrometers, and gauges to ensure parts meet tolerances and standards.
- Loaded raw materials into machines, ensuring proper alignment and settings for optimal output.
- Identified and troubleshooted equipment malfunctions, collaborating with maintenance teams for prompt resolution.
- Maintained a clean and safe workspace, complying with OSHA and company safety protocols.
- Documented production data and report deviations to supervisors for immediate corrective actions.

08/22 – 03/23

System Operator

Imerys, Niagara Falls, NY

- Loaded vehicles with goods, ensuring they are loaded correctly & taking precautions to ensure safe transport.
- Utilized order pickers to find product and scanned items to confirm materials for shipping.
- Unpack returned merchandise, inspect package condition and assess paperwork sent in with return instructions for proper return procedures.
- Reviewed orders for completeness according to procedures & forwarded incomplete orders for further processing.
- Checked inventory records to determine availability of requested merchandise.
- Notified departments when supplies of specific items are low, or when orders would deplete available supplies.
- Moved stock to and from storage areas, loading docks, delivery vehicles, by hand or using trucks and jacks.

09/21 – 08/22

Material Handler

Thermo Fisher, Grand Island, NY

- Verified picked items for correctness and moved them into the warehouse staging area to be shipped.
- Attached identifying tags to containers or mark them with identifying information.
- Recorded numbers of units handled or moved, using daily production sheets or work tickets.
- Manually or mechanically loaded or unloaded materials from pallets, skids, platforms, cars, lifting devices, or other transport vehicles.
- Inspected product load for accuracy and safely move it around the warehouse or facility to ensure timely and complete delivery.
- Took inventory or examine merchandise to identify items to be reordered or replenished.
- Stored items in an orderly and accessible manner in warehouses, tool rooms, supply rooms, or other areas.

01/19 – 03/19

Material Handler

Panasonic, Buffalo, NY

- Recorded numbers of units handled or moved, using daily production sheets or work tickets.
- Inspect returned merchandise, checking for quality and condition of product to determine return category.
- Receive merchandise, following all security and safety return procedures for each product type.
- Distribute returned items to their proper location considering all factors including the value of the product, its condition and type of return.
- Input clear customer account notes in internal computer systems, communicating return reasons, customer feedback and instructions to ensure accurate processing.
- Loaded or unloaded materials from pallets, skids, platforms, using lifting devices such as pallet jacks & hand carts.

04/17 – 09/18

Laborer

Department of Public Works, Niagara Falls, NY

- Drove Trucks to transport crews, debris, and equipment to work sites.
- Operate machines to spread, smooth, level, or steel-reinforce stone, concrete, or asphalt on roadbeds.
- Perform Preventative maintenance on vehicles and heavy equipment.
- Utilize power tools to remove obstructive forestry that poses a safety hazard and properly dispose of waste.

03/16 – 12/16

Packager

Unifrax, Tonawanda, NY

- Inspected product load for accuracy and safely move it around the warehouse or facility to ensure timely deliveries.
- Attached identifying tags to containers or mark them with identifying information.
- Recorded numbers of units handled or moved, using daily production sheets or work tickets.
- Took inventory or examine merchandise to identify items to be reordered or replenished.
- Stored items in an orderly and accessible manner in warehouses, tool rooms, supply rooms, or other areas.

02/15 – 11/15

Assembly

Compu-Mail, Grand Island, NY

- Remove containers of sorted mail or parcels and transfer them to designated areas according to established procedures.
- Determine manner in which mail is to be sent, and prepare it for delivery to mailing facilities.
- Inspect mail machine output for defects and determine how to eliminate causes of any defects.
- Sorts mailers by zip code, bundled and placed mailers into bins in preparation for shipping
- Remove from machines printed materials, such as labeled articles, postmarked envelopes or tape, and folded sheets.
- Adjust guides, rollers, loose card inserters, weighing machines, and tying arms, using rules and hand tools.
