DEI How What Why: Post mortem for 5.15 Panel	We all felt it was a success. The panel was good and stimulated conversations and questions from those in attendance that could be basis for our next presentations. I counted about 20 participants.	Future topics based upon discussion. Fall/November 1. Service animals vs. therapy animals, business responsibilities to accommodate. Cornell ADA Center will do a presentation about this for a fee. Marilyn might have \$ in her budget to cover. 3mo advance notice to book. Marilyn will follow up JAN could be an alternative. Or even ACCES-VR (see PowerPoint provided). 2. Essential Job Duties- Bonnie reached out to NYSDOL contact but no luck in response. Will try again. Will ask others. 3. DEI Metrics - also mentioned as possible topic.
Student Career Exploration Fair	Where are we with this? The clock is ticking.	Bonnie will follow up with Alissa S. at SUNY
